Work Experience

Omium | *Founder's Office*

April 2026 – Present

- Owned GTM content and distribution for Omium.ai across X and LinkedIn, establishing brand voice in the AI observability and reliability category.
- Closed Omium's sponsorship activation at Anvil Hackathon; converted 200+ hackers into product-track builders, largest developer touch point in company history.
- Architected investor pitch deck from scratch; synthesised product positioning, market sizing, and traction narratives for early-stage fundraising conversations.

Validus Group, Singapore | *Security Operations Engineering Intern*

July 2024 – May 2026

- Conducted VAPT across web applications using Burp Suite and Trend Micro, identifying 20+ vulnerabilities (XSS, file upload bypass); triaged and tracked remediation via JIRA.
- Responded to 30+ security incidents, performing threat intelligence analysis to drive actionable security decisions.
- Launched a bug bounty program active for 9+ months, systematizing vulnerability intake and reducing ad-hoc security debt.
- Delivered security awareness training for 100+ internal staff and external users on social engineering and safe protocols.

Rashtriya Academy for Computer Education | *Management Intern at Founder's Office*

May 2023 – Nov 2023

- Managed operations across 14 public schools in Delhi, overseeing teacher scheduling and academic coordination.
- Designed and launched an online doubt-clearing program, improving student engagement during remote learning.
- Developed Python curriculum for 500+ Grade 11 and 12 students, aligned with CBSE board standards.

Projects & Case Studies

ShelfTag | *Node.js, n8n, Gemini API, JavaScript*

- Built ShelfTag, a barcode-scanning book catalogue that auto-logs 15 metadata fields per book into a live spreadsheet, cutting cataloguing time from 5 mins per book to under 3 seconds

Product Strategy Document | *Data Analytics, SDLC, Whimsical, Documentation*

- Developed a comprehensive end-to-end product strategy integrating data analytics and SDLC best practices using Whimsical and Canva.

Leadership

- **President, NSS | BPIT:** Headed a team of 20 volunteers to distribute over 500 garments to underprivileged communities.
- **Lead Coordinator - G20 Summit | BPIT:** Led the "Lifestyle for Environment" event, managing 15+ student volunteers and coordinating with faculty management.
